

## MoventumPlus Active Portfolios – Performance overview per 03.01.2026

**Private Wealth Portfolio** - The objective of the portfolio is to generate a return that is at least equal to the rate of inflation.

Interesting for investors who are no longer willing to expose their capital to the fluctuations of the markets. A significant reduction in value fluctuations is achieved through management via risk parameters and correlations.

Private Wealth	Weekly Performance	Year to Date	Since Inc. (p.a.): 1.5.2012	Volatility *
Performance	0,09 %	0,00 %	3,31 %	2,88 %

**Moventum Portfolios** - Portfolio strategies that aim for the highest possible increase in value depending on the investor's individual risk tolerance.
